ASSURED

SUPPLYING GLOBALLY
WITH TRUST

We supply high-protein lentils and industrial-grade grains used across the globe for human consumption and specialized food processing. Our pulses are Sortex-cleaned to ensure zero foreign matter and uniform grain size.

ESSENTIAL PULSES (DALIS)

Chickpeas (Kabuli & Desi)

Uniform size (8mm-12mm for Kabuli) with excellent soaking and cooking properties.

Red Lentils (Masoor Dal)

Whole football or split varieties; processed for maximum nutrient retention.

Moong, Toor & Urad Dal

Premium splits and whole pulses sourced from the fertile central belt of India.

Pusa & Traditional Basmati

Authentic Indian aroma with varying grain lengths for retail and wholesale segments.

GRAINS & OILSEEDS

Yellow Corn (Maize)

Machine-cleaned; suitable for human consumption, corn-starch units, and premium feed.

Wheat (Milling & Durum)

High-protein varieties suitable for pasta, bread, and biscuit production.

Soybean & Sesame Seeds

Non-GMO Indian Soybean and Natural/Hulled Sesame with high oil content.

Broken Rice (5% / 25%)

Perfect for culinary uses, flour milling, and high quality livestock feed.

HS CODES

Non-Basmati rice (parboiled & raw) — **HS 1006**
(Rice, husked (brown) & semi/wholly milled).

Basmati rice — **HS 1006.30 / 1006.10**
(Basmati varieties within HS 1006).
